## **Director's Letter**

On November 5, 2014, the Parks and Recreation Commission had a discussion about the improvement projects that we are undertaking for our parks, public buildings, and open space. I thought this would be a good opportunity to highlight the projects we continue to work on and some on the horizon.

On the front burner, we are working diligently to build Davey Glen Park, replace the restroom at Alexander Park, improve the playground at O'Donnell Park, and we are starting construction on the new trail bridge at Waterdog Lake to complete the Lake Loop Trail Realignment.

On the longer-term horizon, we have taken positive steps on the design for the synthetic turf project at the Belmont Sports Complex and the long term planning for the Barrett Community Center. These are both legacy projects that will require time and effort to get to the construction phase but we are excited to see progress and look forward to many community discussions to come about these efforts.

It is also important to remember what has been accomplished. The City has made improvements at many of our parks and facilities including the Twin Pines Senior & Community Center, the Cipriani Dog Park, Semeria Park, and the Barrett Community Center. If you have thoughts about these projects, please contact our Parks and Recreation Commission via email or come to one of the monthly meetings. Thank you for the opportunity to serve the Belmont community.

## Primary Dance

The fun and energy never stops for young dancers to learn pre-ballet (and/or pre-tap and jazz steps in combo classes) dance in an encouraging environment. We use props such as scarves, ribbon sticks and crowns to express our creativity. We warm-up either at the ballet barre or center, practice new steps across the room and learn new dances. **Dancewear is required for all classes. Ballet shoes (pink-girls, black-boys) are required for ballet classes.**
